

As an active member of my community i recommend the station K-LOVE to all of my peers and coworkers, and any families who appreciate strong and good values. I listen to K-LOVE all of the time, and embrace this music that helps me grow spiritually daily. If the FCC were to displace K-LOVE by an LPFM broadcaster providing other programming, it would be an incredible detriment to me, as well as to many others nationwide. There is no other station locally or nationally that keeps me so connected to my priorities in life or reaches out to the individual; i plead with you to not let this be taken away from all of us listeners. And the service provided by K-LOVE is in the public interest, because of all of the good ethics that it evelopes; without this station you would be robbing the nationwide community of inspiring and uplifting music.
